

Open your Weebly web site that you created in class and Add a Page (Standard Page with No Header) titled with the name of the Social Network you are doing (example if you are doing Pinterest your page should be titled *Pinterest*. This page should be placed after **Reviews**.

Select a Social Network not covered in class, so no Facebook, Pinterest or Twitter.

- Put the name of the social network and logo on top of page (Title)
- Embed a video or cartoon that explains the social network.
- On the page put important notes about the social network such as:
 - History
 - What is it?
 - Interesting Facts
- Embed **Quizlet Flashcards** with at least 5 questions based on your Social Network
- This page should be *very* similar to the **Pinterest** page on the class site.
