YouTube

YouTube is a video-sharing Web 2.0 website where you can upload, view and share videos. YouTube can be listed under two Web 2.0 tool categories as it is both a *Web Service* (you can easily upload and view videos) and *Interpersonal Computing* (share videos with other people and make comments). Anyone can view videos on YouTube, but you must be registered to upload and to make comments.

How to Upload videos

1. Go to YouTube (<u>www.youtube.com</u>) and register for account or sign in if already have an account. Registering is easy as you can use your school's Google account.

2. Once you have registered or signed in, you need to click on the **Upload** button to post your video.
